

SOLAR BATTERIES

ISO 9001

NEUTON SOLAR (NS) SERIES

Batteries you can rely on for your remote area power systems

Specifications

Deep Cycle Vented (Flooded) Cells

Available in 4 Volt and 6 Volt trayed battery systems up to 1700 Ah

Long Life OPzS tubular plate cell design

Features

Rugged impact resistant tray systems made of polyethylene, specifically designed for remote area power systems

Easy to install

Packaged in solid timber crates for transport

Excellent cycle life

Electrolyte level indicators

Minimal water loss

Optional single point watering kits available

Manufactured under a certified ISO9001 quality system

Neuton Power brand, exclusive to YHI Power.
